

PROTECTION AT EVERY STAGE

When a large contractor was beginning a reconstruction project for coastal infrastructure in the south, the firm was challenged with a variety of issues—a complex project, difficult worker and public liability exposures, and formidable insurance coverage requirements.

They called on **Arch Insurance Group's Construction Division**. Arch Construction partnered with the contractor to develop a project-specific safety program, review training procedures for crews and subcontractors related to the site crane use demands, and develop the specific coverage endorsements to meet contract requirements. Arch worked to help prevent issues and ensure project success BEFORE work began.

But if our clients do have an incident, Arch Construction responds with cutting-edge emergency technical and claim investigation support—all to help mitigate the loss. We're positioned to respond quickly and flexibly where larger insurers sometimes can't. It's how Arch Construction built its reputation. We take on the most complex exposures. Using a collaborative approach with clients, we effectively deploy our underwriting expertise and leading edge service—so we can be there for our clients—in good and bad times.

It's an approach that demonstrates proven expertise. **ArchExpertiseSM**
