

ARCH INTRODUCES: **ARCH NETSAFESM**

Arch's new Network Security & Privacy Product

- Protects a company's liability to third parties and their own business income and data asset loss from network security and privacy exposures (e.g. computer viruses, denial of service attacks, cyber extortion, unauthorized access, lost or stolen laptops, etc.).
- Expertise – Arch has been writing this type of coverage for over 5 years/ One of the first markets to offer comprehensive enterprise network security coverage
- Value Added service – eRisk Hub, a new web based tool, provided to all policy holders to support risk management on these evolving exposures
- Coverage written on an open brokerage basis
