Arch Insurance Group | [www.archinsurance.com](http://www.archinsurance.com)

In today's legal and economic environment, every organization must act prudently to protect its directors, officers and fiduciaries. Arch Insurance Group has created a new Fiduciary Liability Insurance Policy to protect these individuals, employee benefit plans and their sponsors from the evolving and complex exposures of ERISA. Our team of underwriting professionals has extensive experience in evaluating these exposures. We offer creative and customized solutions for all companies in all industry segments. Our underwriters evaluate and analyze the risk factors for each account and tailor their underwriting approach to identify, manage and charge appropriately for exposures particular to each insured.
